

Transforming Lives for the Lord Jesus.

I would like to introduce you to Transformation (Parivarthana) Ministry. Transformation is a not-for-profit organisation which was started in June 2005 to share to the Gospel of the Lord Jesus Christ with people living in Southern India.

We focus on rural communities, where people are poor and disadvantaged these people mainly come from a Hindu background. In India's population of 1.3 billion, only 2.5% are Christians.

We currently have 10 full time missionaries, working in remote places and also have the opportunity to support a further 65 part time missionaries.

Our target for the end of 2010 is to have 100 full time missionaries.

God is transforming people's lives.

People are being baptised and finding release from spiritual oppression, they are being healed from sickness and disease, being freed from alcohol and drug addiction and the violence that accompanies those problems; this brings peace to their families and the community in which they live.

As well as mission support, we run self help activities such as a Sewing Centre and Juice Making centre which are designed to train and equip young ladies and provide an outlet for the sale of their products.. We also run carpentry classes for the men. In time these ventures will become self funding which will enable us to offer opportunities to more people.

We conduct Free Medical Clinics in the rural communities servicing approximately 250 people in one day.

In the future we are hoping to establish an Aged Care facility, and a Health Care Centre/ Eye Hospital. We are currently supporting 4 foster children and one day will open an Orphanage to support many more.

Assistance is provided for children with schooling needs such as books and writing materials, school bags and eating utensils.

God is blessing people.

Through Gods mighty providence, in such a short time, we have seen church buildings erected, missionaries appointed, people coming to know the Lord Jesus, people healed and their social needs met.

God has blest Transformation Ministry by providing much needed financial support through generous people.

He not only blesses the receiver but also the giver- *God loves a cheerful giver.*

The work that Transformation is endeavouring to accomplish is a huge task, but we believe that *you have never tested Gods resources until you have attempted the impossible.*

Blest People Blessing Others
