

WE WANT TO THANK GOD FOR BLESSING TRANSFORMATION MINISTRIES

Missionaries

We have 10 missionaries working in south India God has been using them tremendously. When there was persecution Churches were burnt they brought all the Bibles literatures, furniture's from Churches, Homes and burnt in the streets, Christians were beaten they had to run to jungles for their life but they never denied Jesus Christ, They said Jesus has saved us and we are going to follow him. One of our Churches was taken up by Hindus.

In spite of persecution we were able to Baptize 15 people and join them in God's kingdom, they said no one can stop us to believe Jesus Christ. This year we are planning to baptize another 50 people. God is doing miracles through missionaries, One lady was sick for 2 years she had gone to different doctors and she went to magicians and visited many temples but her sickness were not healed she heard from people saying if you go to the missionary he will pray for you and you will be healed, when she went to see the missionary he prayed for her she was healed, people who was possessed by evil spirits, when the missionaries prayed for them they were healed. After the persecution many people are coming to church.

Pastors who are staying in rural areas they were telling we went through all kinds of persecution we are not able to share our problems we only encourage church members but no one is there to encourage us. We thought we will have pastors conference for them we are planning for 3 days in December for 100 pastors to attend, which will cost \$ 1500.00

Summer Camp

We had summer camp for children we had 120 children attended this was for ten days, in some villages missionaries are not allowed to go and tell about Jesus. But through this camp we were able to teach the children about Jesus Christ and they went and told their parents what they learnt. Through this camp we were able to spread the gospel to their families. New believers added in Church

Training

Last year we were able to train 60 students in sewing centre some of them have received sewing machines from Government and rest are working in garments factory. These girls are not allowed to go to school parents send them for daily wages in fields some time they get work but most of the time they don't get work, Today they say, through this training we are able to get work and they say we are able to have 3 meals a day otherwise it was very difficult to have one meal in a day

We have Juice making and candle making these helps the girls to be self employed.

Carpentry

Carpentry training is going on well we have four students they are learning and we want to take many students due to financial problem we are not able to take.

Foster Children

In villages they are very poor they don't have food to eat it is very difficult to survive so they don't send them to school, Parents work in hot sun breaking stones. we have started hostel for foster children we have 8 children we provide them food education and accommodation. We are planning to take another 2 Children this year. Hear they don't have water they had to get water from one kilometres far, we prayed and children prayed to day God has provided water in that place, We were able to drill a bore well which is 350 feet and God has provided water. We don't have toilets and bath rooms for hostel children they go in fields. We need AU\$850 to build

Pastor's conference

Last year Missionaries went through persecution, Churches were burnt, Hindus collected Bibles, Scriptural books and burnt them in market place, They never stopped with that, they burnt Christian homes and they never allowed them to stay in their villages, they had to flee to forests, Police never gave protection but they were supporting the Hindus. Pastors were beaten up badly they never allowed them to take to hospitals. They brought allegation on pastors and congregation members saying that by force they are converting Hindus and jailed them and by force they reconverted pastor and members to Hinduism.

Through these persecution many people were added in to church saying that Jesus his living God. Pastors were saying that no one his hear to encourage and teach us how we can be more effective in ministering the word of God
So we are planning to have pastor's conference for 3 days, 10, 11& 12th of December we request you to pray for this conference. We are planning for 100 Pastors we need Financial support, for food, accommodation and travel for one pastor is AU\$ 15.00 for 100 pastors is AU\$1500.00.

Please consider some of the costs that we will incur over the next few years
