

## News letter2012

Thank you for your prayers God is our provider, he has provided funds through John long time donor the money. God has helped us to raise the Mission center & hostel building from the foundation, and we are almost to complete the construction work. We need your prayers for the children, who are waiting to come and join in the hostel we are looking for sponsors to support the children. We are taking 20 children.

Pray for foster children in Davangeri they had a wonderful Christmas and they enacted the nativity scene to the church members and they recited the memory verses what they have learnt in Sunday school, Pray for them as they are writing their final exams this month.

## Mission Work

We are in the last days; our responsibility is to reach out the unreached. In spite of persecution Missionaries are doing wonderful work every Friday they have fasting prayer once a month they invite around 50 local pastors and they share their problems and pray and they study the bible, people are healed with their sickness, evil spirit are casted out, relived from alcohol addiction there is peace in broken families. Once they accept Jesus as their personal savior they through all the photos of the Hindu

gods. They believe Jesus and they are received in the fellowship of believers by baptism, sometimes they are not accepted in the villages they don't give water from the well they don't give work for them and they are like out caste, because they have accepted Jesus, but their faith is so strong they say Jesus has given peace and we will follow him till our death.

We have 20 missionaries in 7 states of India pray for their ministries. In remote villages the pastors are have not gone to theological studies. So we are planning to provide bible study materials for them so they can study the bible systematically and teach the word of God. This June we are planning to dedicate two Churches one in Orissa and one in Andhra Pradesh.

Last year we were able to baptize 100 people and join them in the church.

Christmas program in mission fields, the Hindus come to church on Christmas day and see the skit of nativity and they continue to come to the church.

We want to thank and praise God for providing bibles for Orissa people; we were able to give Bibles on Christmas day. This is what they said after they received the Bible. We never had bibles because we were not able to offered to buy a bible, we don't have money for our survival and we were praying for a long time that we would have our own bible but today we are so happy to receive bible on Jesus birth day, Jesus have answered our prayers, we are so excited.

Through these bibles the word of God is thought to many people and we have 30 people for baptism, we want to praise God for the new souls added in the church.

We were able to buy a bicycle to one missionary, he was walking 2to 3 hours from one village to another to preach the gospel, I now he is able to move faster and visit many villages in Orissa. We need another 4 bicycles we request to pray.

### Training center

we were able to buy power machines for the sowing center. The girls were trained only in leg machine. When they went to work in garment factories they were finding difficult, but now they are able to be well trained through power machines. We have 12 girls to be graduated this June we request to pray for them.

### School Project

We are planning to start a school we request to pray for God providence in helping us to build a School.
